1. Information on product, production and company

Details on the product:
Product / trade name: PAROC XST 013

Manufacturer/Supplier: PAROC AB
Bruksgatan
SE 541 86

Enquiry department:
Emergency phone: Tel.: +46(0)500 46 90 00

2. Identification of possible hazards

Description of dangers:
Special hazards to health and environment:
None

3. Composition / Information on ingredients

Chemical characterization:
Description: Sealing adhesive with a polyethylene film as carrier and a polyacrylic pressure-sensitive adhesive masked by siliconised paper

4. First Aid Measures

General comments: Not applicable

After inhalation: Very tacky adhesive, clean with cold water and washing-up liquid, if necessary benzene; lubricate skin afterwards

Contact with skin: Clean only with soap water and rinse with plenty of clean water

Contact with eyes: None

After swallowing: None
5. Fire-Fighting Measures

9. Physical and Chemical Properties

| Form: roll of adhesive tape |
| Colour of butyl: various colours and prints |
| Odour: slightly fruity (earthy) |
| Data important for safety: none |
| Thermal decomposition: > 400 °C |

10. Stability and Reactivity

**Thermal decomposition:**
Pressure sensitive adhesive is chemically very stable and adheres aggressively. The adhesion itself is a completely physical effect.

**Dangerous reactions:**
Strong oxidants

**Dangerous substances produced by decomposition:**
None

11. Toxicological Information

**General information:**
No data known.

12. Ecological Information

**General advice:**
The adhesive tape is rot proof and not dangerous to ground water.

13. Disposal Considerations

Dispose of material scrap as industrial waste.
### 14. Transport Information

Not a hazardous good according to GGVS.

### 15. Regulatory Information

Marking according to the regulations for dangerous goods (Chemical Law) and the corresponding EC directives is not necessary.

### 16. Other Information:

None
